"Oregano is a godsend for those who don't feel like cooking, but prefer a healthy option - a takeaway that offers salads & unusual dishes alongside the more usual pizzas. This takeaway gives people the chance to enjoy traditional Italian food in the comfort of their own homes. Proving that fast food doesn't have to be stodge, customers are spoilt for choice for tempting dishes to suit every taste. The pizzas are individually cooked in a stone based oven & finished with a variety of toppings. Prices though, are very reasonable. There are various meals for those watching their waistline along with tasty treats if you have a little more room to indulge."
